Notice of Planned Maintenance

11/13/2024:

Effective Gas Day 18 - Timely Cycle, and through Gas Day 22 ID3 Cycle, DTE Gas Operations are constrained due to planned maintenance of storage fields, unseasonably warm forecasted temperatures, and high storage balances which may impact Storage Injections and EUT Deliveries.

Gas nominated to #9036 DTE GAS COMPANY STORAGE INJ, #9501 IBS (INJ), and Deliveries to EUT customers may be restricted.

We appreciate your assistance and support during these critical operations. DTE Gas requests that customers proactively watch for updated Operational Notices on DTE's eNominator System, Gas Noms Webpage, and direct emails.

If you have any questions, please contact your Account Manager.
