

DTE Electric Company – Sibley Quarry Landfill
Coal Combustion Residuals
Annual Fugitive Dust Report

Report Summary

This annual CCR fugitive dust control report has been completed pursuant to 40 CFR 257.80(c). The report includes a description of actions taken to control CCR fugitive dust, a record of citizen complaints, and a summary of any corrective measures taken. In summary, this report documents that the fugitive dust control measures are applicable and appropriate for the site conditions.

CCR Fugitive Dust Control Actions

Daily maintenance and operational control activities were completed throughout the reporting period pursuant to the site fugitive dust plan. In addition to the preventative measures specified in the fugitive dust plan, dust suppressant was applied to a section of exposed slopes near the top of the landfill on August 20, 2024, and October 9, 2024.

Citizen Complaints

No citizen complaints regarding CCR fugitive dust were received from November 1, 2023, to October 31, 2024.

Corrective Actions Taken

No CCR-related corrective actions were necessary from November 1, 2023, to October 31, 2024.

Reported Dates: November 1, 2023 - October 31, 2024

Completed: November 19, 2024
