LEARN MORE

REBATE DETAILS

- Large appliances include refrigerators and freezers and must be between 10 and 30 cubic feet
 - Small appliances include refrigerators and freezers that are less than 10 cubic feet, as well as window air conditioning units and dehumidifiers
 - You must have an active DTE Energy residential electric account to participate
 - Appliances must be clean and in working condition
 - Each DTE residential electric account is limited to recycling four large appliances throughout 2024
 - There is a limit of four small appliances per drop-off event for a DTE residential electric account, with participation limited to two drop-off events in 2024
 - Small appliances do not have to be accompanied by a large appliance
 - Pre-registration is strongly encouraged to participate in the event
- Please note:
- We cannot accept appliances with cut cords
 - We cannot accept Sub-Zero refrigerators and freezers

*In the form of a check/gift card.
Your safety is our top priority. Personal protective equipment will be worn by all Appliance Recycling on-site staff.
